

Chat Notes from January 19, 2014

from haywardf (privately):

does the tree exist separate from experience of it

from haywardf to Everyone:

does the tree space exist separate from the mind space that knows it

from Michael g to Everyone:

My "knowing" seems to feel the need for confirmation from a realm that I believe to be larger, greater, more reliable, than my own thoughts.

from Soudabeh Azizi to Everyone:

We cannot know the answer to that...base on our given faculty, we can say that we experience only the mind space...

from Michael g to Everyone:

Is the stream of consciousness like the idea of a continuous physical reality--both seeming to give us a stable reality to protect us from emptiness?
